

SUPPLEMENTARY CONDITIONS APPLICABLE TO MOBILE CRANES (WHEELED AND CRAWLER MOUNTED) 2021

TO BE READ IN CONJUNCTION WITH THE CPA MODEL CONDITIONS FOR THE HIRING OF PLANT 2021

EXPLANATORY NOTE: The purpose of these Supplementary Conditions is to raise awareness of the Hirer's responsibilities under British Standard 7121 Code of Practice for the Safe Use of Cranes ("BS 7121") and to define contractually the extent of the Owner's and Hirer's responsibilities as between themselves. BS 7121 makes it clear that the Hirer is in overall control of the lifting operation and has responsibility for providing a suitably trained and experienced "appointed person" to ensure adequate planning and supervision of the operation. The Owner's responsibility is limited to providing a competent driver and a crane that is properly maintained, inspected, tested where necessary, thoroughly examined and certificated.

For the avoidance of doubt, when the hire is subject to the CPA's Model Conditions for the Hiring of Plant 2021 ("CPA Model Conditions"), the Owner is not a specialist sub-contractor and/or sub-contractor of the Hirer. The Owner will supply Plant pursuant to the CPA Model Conditions together with these Supplementary Conditions to form the Contract between the Owner and the Hirer.

Notwithstanding the above paragraph, it is a specific recommendation of BS 7121-1:2016 and subsequent amendments that where the Hirer does not have the expertise to carry out the lifting operation, the Hirer should employ the Owner or another competent organisation to undertake the work on a "Contract Lift" basis. Should the Hirer enter into a Contract Lift arrangement with the Owner it would be carried out under the CPA's Contract Lifting Services conditions; (copy available upon request).

1. DEFINITIONS AND INTERPRETATION

- 1.1 These Supplementary Conditions are applicable to Mobile Cranes (wheeled and crawler mounted) only and shall be referred to as the "Supplementary Conditions".
- 1.2 Unless the context suggests otherwise words and terms in the Supplementary Conditions shall have the same meaning as in the CPA Model Conditions.
- 1.3 If any conflict shall appear between any provisions of the Supplementary Conditions and the provisions of the CPA Model Conditions then the former shall prevail.

2. PLANNING, SUPERVISING, SLINGING, HANDLING

- 2.1 In order to comply with the requirements of the Lifting Operations and Lifting Equipment Regulations 1998 (SI 1998 No. 2307) and BS 7121-1 the Hirer is responsible for the supervision of all aspects of the crane's activities from when it enters the site and until it leaves. This includes but is not limited to positioning, rigging, de-rigging, planning, supervising and controlling the lifting operations, including the preparation and distribution of risk assessments, method statements and for the safe slinging of the goods to be lifted or handled.
- 2.2 If advice or information is sought from and given by any person supplied by the Owner, the Hirer understands and accepts that such advice or information is given without responsibility and does not relieve or reduce the Hirer's requirement to make their own independent assessment as outlined above.

3. GROUND AND SITE CONDITIONS

Without prejudice to the terms of Clause 7 of the CPA Model Conditions the Hirer shall be entirely responsible for the preparation and maintenance of any ground upon which the crane or support vehicles will travel over or from which they will operate. The Hirer shall be fully liable to the Owner for any damage to the crane or support vehicle caused by ground conditions and shall indemnify the Owner and hold the Owner harmless against any liability, expense, loss or damage caused by ground conditions.

4. TRAVELLING, ERECTION AND DISMANTLING

- 4.1 Any time spent setting up, transporting and moving the crane and support vehicles, erecting and dismantling the jibs and transporting additional jibs sections or ballast

is payable by the Hirer to the Owner at the rate specified in the Contract. The Hirer shall also allow the Owner, or any representative of the Owner, free and unrestricted access to the crane and support vehicles and to all areas of their operation.

- 4.2 Insofar as the Hirer's use of the crane will require any licence, permission or authorisation from any private or public body or government or Local Authority or the giving of notice to any such body, Government or Authority then the obtaining of any such licence, permission or authorisation, or the giving of any such notice, shall be the entire responsibility of the Hirer, who must ensure that sufficient notice is given to the Owner to guarantee compliance with the Road Vehicles (Authorisation of Special Types) (General) Order 2003 and subsequent amendments. This responsibility extends to ensuring that the site is clear of all obstructions and that traffic management arrangements are set up and operated correctly. Where the Owner is required to obtain such licence, permission or authorisation or to supply traffic management on the Hirer's behalf a charge will be added.
- 4.3 Subject to Clause 25 of the CPA Model Conditions, the Hirer shall be liable to the Owner for the agreed fees and charges regardless of any change in the Hirer's circumstances or the circumstances affecting the use to which the Hirer intends or intended to put the crane or support vehicle and any decision to accept a cancellation or variation of the Contract in any respect shall be at the Owner's full and entire discretion.

5. SUPPLY OF ALTERNATIVE CRANE

In the event that the Contract specifies a particular type of crane or support vehicle, the Owner reserves the right to supply a suitable alternative crane or support vehicle to that specified. Acceptance of the crane or support vehicle on site shall be acceptance of the variation of the Contract in respect of the crane or support vehicle supplied and the Owner shall have no liability to the Hirer in respect of that variation.

6. PROVISION OF LIFTING ACCESSORIES

If requested and specified by the Hirer in advance, the crane will be provided with specific certificated lifting accessories, subject to availability and at additional cost. The Owner accepts no responsibility for loss or delay should the lifting accessories prove unsuitable.

7. LIMITATION OF LIABILITY

Without prejudice to the terms of Clause 12 of the CPA Model Conditions, the Owner shall have no liability in respect of any damage including but not limited to:

- any goods or other items lifted or to be lifted;
- any surface or subsurface features such as underground services;
- any above ground structures, including any overhead cables, overhanging or protruding things, which might result from the travelling, positioning or working of the crane or of any support vehicle.

8. INSURANCE

- 8.1 The Hirer shall have adequate insurance to comply with its liabilities under the Contract. The Owner reserves the right at any reasonable time to require confirmation and evidence that the Hirer is complying with its insurance obligations.
- 8.2 At the discretion of the Owner it may be possible to give the Hirer an interest in the Owner's own Insurance Policy for a fee. This must be agreed in writing prior to the commencement of the work.
